

# THRUSH Family of Products

For all of your Hydronic and HVAC needs

The name THRUSH has been synonymous with quality hydronic and HVAC products since the 1920's. This tradition continues today with a comprehensive and innovative line of boosters, hot water heaters, package systems, pumps, heat exchangers, valves, and accessories to meet the most demanding applications.

Thrush/WILO Pumps and Circulators

## Commercial and Residential Boosters

- Pressurizer-VS™ – Variable speed booster system
  - 1 ½ – 3” connection sizes
  - Up to 200 GPM flow rate
  - 30 – 80 PSI boost range
  - Optional multiplex configuration
- Residential Pressurizers™
  - Standard models 10–25 GPM and 35–60 PSI boost
- Stock Commercial Pressurizer™
  - Stock sizes up to 100 GPM and 55 PSI boost
- Duplex Commercial Pressurizer™
  - Pre-engineered models to 200 GPM and 55 PSI boost
- Package Booster Systems
  - Configured to your specific application

## Hot-Pak® – Semi-instantaneous Hot Water Heater

- Replaces large storage tanks
- Water to water or steam to water
- Compact vertical or horizontal configurations
- Ideal for hospitals, schools and commercial applications

## Aar-O-Vent® – Coalescing Air and Dirt Separators

- Unparalleled performance (Third Party Tested)
- Removes 99.9% of dissolved oxygen
- Removes over 99% of dirt particles
- Standard sizes from 2” – 12”
- Patent Pending design

## Heat Transfer Packages and Pumping Systems

- Custom engineered to meet your specific requirements

## Pumps and Circulators

- In stock or made to order
- Inline Circulators (wet and dry rotor)
- High efficiency ECO “Smart” Pumps
- Boiler Manifold
- Flexible Coupled End Suction (up to 3,000 GPM)
- Close Coupled End Suction
- Vertical In-line
- Multi-stage
- Horizontal split case (up to 15,000 GPM)

Note: Some models manufactured by WILO Pump Company of Germany. A world leader in pump manufacturing and a Thrush OEM Partner.

Bypass  
Feeders

## Heat Exchangers

- Straitube™
- U-Tube
- Tank Heater nozzles and bundles
- Replacement Bundles
- Fin Tube Bundles
- Additional tube configurations include, stainless steel, cupro-nickel or carbon steel, single and double wall
- Standard Steam to Water or Water to Water configurations
- Plate & Frame
- Brazed Plate

## Air Elimination

- Air Eliminators
- Air Vents
- Air Separators

## Valves

- Fast Fill
- Quad-Chek
- Tri-flow/Triple duty
- Purge
- Tank Drains
- Dual control
- Pressure Reducing
- Balancers

## Tanks (ASME and Non-Code)

- Diaphragm
- Bladder
- Plain Steel
- Shock Arrestor
- Flash

## Parts and Accessories

- Bracket Assemblies
- Gaskets
- Motors
- Pump Kits
- Seal Kits
- Casings
- Suction Heads
- Suction Diffusers
- Chemical By-pass Feeders
- Flex Connectors

Many products are in stock and ready for quick delivery. Our massive inventory along with our efficient manufacturing allow some Made to Order parts to be shipped in as little as one day. Expediting services always available. Our customer service is second to none.
